

INTRODUCTORY LITERACY TRAINING

Four-day hands-on literacy workshop

The Literacy Task Force of Northern Wisconsin and Nicolet College are partnering to offer a four-day introductory structured literacy training course for teachers, tutors, and private practitioners. This thorough and engaging program builds on the fundamentals of the Orton-Gillingham multisensory structured language approach.

Filled with practical strategies based on documented best practices, this hands-on workshop is essential for anyone who works with students who are learning to read, write, and spell. Participants will observe demonstration lessons, and prepare and implement sample lesson plans.
